What the Council Does

- The Global Council for Goodness and its members, are dedicated to selflessly giving their time in healing and holistic services to help those who are in need of healing, stress reduction and overall balance. The Council volunteers their time, gives to various charities by raising food, supplies and money donations, lectures on the power of goodness, selflessness and giving, as well as holistic healing, wellness and balance and many other topics.

Healing Service-Reiki

- A Reiki session may help ease tension and stress and may help support the body to facilitate healing on all levels- physical, emotional and spiritual. A session is pleasant and relaxing and is most often utilized for one's own personal wellness, not just illness. During a Reiki session, the client is fully clothed while comfortably reclining on a massage table or seated in a chair. A Reiki session aids in stress reduction and it is almost always a very relaxing experience. Reiki sessions or classes are a great investment in yourself.
